***Allowable Subject Matter***

Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a method for reworking an electronic component with copper or copper/nickel pads containing a nickel layer and an overlying gold layer comprising the steps of: supplying an electronic component having copper or copper/nickel pads thereon containing a nickel layer and an overlying gold layer; etching the gold layer on the component pads; etching the nickel layer on the component pads; treating the etched component to remove products formed during the etching steps and corrosion products with a solution selected from the group consisting of a free cyanide containing solution, chromic acid and a sodium hydroxide solution with a periodic reverse current; and plating the treated copper surface with a nickel layer, followed by a gold layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
